

International Symposium & Consensus Summit on Anti-Cytokine Autoantibodies

From Mechanisms to Clinical Guidelines

2026 國際抗細胞激素自體抗體共識高峰會 深耕跨領域醫學人才培訓與臨床指引

Clinical Challenge & Strategic Objective

- **The Challenge:** The rising burden of anti-cytokine autoantibody-mediated immunodeficiency and opportunistic infections in the Asia-Pacific region.
- **The Objective:** Formulating regional consensus guidelines to drive evidence-based clinical decision-making

3 Core Themes

- **Advanced Immunotherapy:** Clinical potential of CAR-T and emerging therapies.
- **Precision Medicine & Immunology:** Next-Generation Sequencing (NGS) for precise NTM identification.
- **Interdisciplinary Care:** Integrating Infectious Diseases, Rheumatology, Oncology, and Dermatology.

Distinguished International Faculty

- NIH, USA (National Institutes of Health)
- France • Japan • Thailand • Taiwan

Invited Speakers

Dr. Aristine Cheng
National Taiwan University Hospital, Taiwan

Dr. Un-In Wu
National Taiwan University Hospital, Taiwan

Dr. Hsin-Yun Sun
National Taiwan University Hospital, Taiwan

Dr. Tsen-Fang Tsai
National Taiwan University Hospital, Taiwan

Dr. Meng-Rui Lee
National Taiwan University Hospital, Taiwan

Dr. Chang-Tsu Yuan
National Taiwan University Hospital, Taiwan

Dr. Tai-Chung Huang
National Taiwan University Hospital, Taiwan

Dr. Wei-Li Ma
National Taiwan University Hospital, Taiwan

Dr. Ploench Chetchotisakd
Khon Kaen University, Thailand

Dr. Hélène Salvator
UVSQ Paris-Saclay University, France

Dr. Ho Namkoong
Keio University School of Medicine, Japan

Dr. Takuro Sakagami
Kumamoto University, Japan

Dr. Isano Hase
Southern TOHOKU General Hospital, Japan

Dr. Rung-Chi Li
Northern Light Health, U.S.A.

Dr. Hung-Cheng Tsai
Taipei Veterans General Hospital, Taiwan

Dr. Jhan-Jie Peng
CMCI, Chang Gung University, Taiwan

Dr. Steven M. Holland
National Institutes of Health, U.S.A.
Keynote Speaker

Prof. Cheng-Lun Ku
Chang Gung University, Taiwan
Keynote Speaker

Online Registration

Dates: | **09/19 (Sat.) ~ 09/20 (Sun)**

Venue: | **B1 Auditorium, NTUH Children's Hospital, Taipei, Taiwan**

Organizers:  台大醫學院 National Taiwan University College of Medicine  台灣感染症醫學會 The Infectious Diseases Society of Taiwan  台灣內科醫學會 TAIWAN SOCIETY OF INTERNAL MEDICINE  財團法人惠德醫學發展暨人才培育基金會 Hwei-Te Foundation for Medical Development and Education

Sponsored by:  NSTC 國家科學及技術委員會 National Science and Technology Council

International Symposium & Consensus Summit on Anti-Cytokine Autoantibodies: From Mechanisms to Clinical Guidelines

國際抗細胞激素自體抗體共識高峰會：深耕跨領域醫學人才培訓與臨床指引

AGENDA | 大會議程

Sept. 19 (Sat.) 2026

Time	Topic / Speaker	Moderator
13:00-13:20	Registration	
13:20-13:30	Opening Remarks Prof. Shan-Chwen Chang 張上淳 校務顧問 / National Taiwan University, Taiwan	
大合照		
Keynote Lecture 1		
13:30-14:10	Pathogenic Mechanisms and Translational Applications of Anti–IFN-γ Autoantibodies Prof. Cheng-Lun Ku 顧正崙 教授 / Chang Gung University, Taiwan	Prof. Feng-Yee Chang 張峰義 理事長 The Infectious Diseases Society of Taiwan, Tri-Service General Hospital, Taiwan
Session 1: Lecture 1 ~ Lecture 5		
14:10-14:50	Recognizing and Rethinking AIGA: From Misdiagnosis to Individualized Antimicrobial Management Dr. Un-In Wu 胡婉妍 副教授 / National Taiwan University Hospital, Taiwan	
14:50-15:30	Diverse Epidemiology and Outcomes of AIGA Across Taiwan Based on our National Health Insurance Database Dr. Hsin-Yun Sun 孫幸筠 教授 / National Taiwan University Hospital, Taiwan	
15:30-15:45	Coffee Break	
15:45-16:25	Adult-Onset Immunodeficiency In Japan Dr. Takuro Sakagami / Graduate School of Medical Sciences, Kumamoto University, Japan	Prof. Feng-Yee Chang 張峰義 理事長 The Infectious Diseases Society of Taiwan, Tri-Service General Hospital, Taiwan
16:25-17:05	The Oncology Intersection: Thymoma and Autoantibodies Dr. Wei-Li Ma 馬維力 醫師 / National Taiwan University Hospital, Taiwan	
17:05-17:45	Therapeutic Cytokine Blockade and Host Defense: Clinical Observations from Allergy and Immunology Practice Dr. Rung-Chi Li / Northern Light Health, U.S.A.	
17:45	Adjournment	

Sept. 20 (Sun) 2026

Time	Topic / Speaker	Moderator	
08:30-09:00	Registration		
09:00-09:10	Opening Remarks		
大合照			
Keynote Lecture 2			
09:10-09:50	The Odyssey of Anti-Cytokine Autoantibodies: Past & Present Dr. Steven M. Holland / Immunopathogenesis Section, National Institutes of Health, U.S.A.	Prof. Ting-Shu Wu 吳丁樹 教授 Chang Gung Memorial Hospital, Taiwan	
Session 2: Theme: Management Strategies & Clinical Challenges (Lecture 6 ~9)			
09:50-10:30	History and future of Immunotherapy for interferon-gamma autoantibodies: lessons from Southeast Asia Dr. Ploenchan Chetchotisakd / Srinagarind Hospital, Khon Kaen University, Thailand	Prof. Ting-Shu Wu 吳丁樹 教授 Chang Gung Memorial Hospital, Taiwan	
10:30-10:45	Coffee Break		
10:45-11:25	Anti-GM-CSF Autoantibodies: Impact on Lung Macrophage and Implications for Treatment Dr. Helene Salvator / FOCH Hospital, UVSQ Paris-Saclay University, France		
11:25-12:05	Precision Therapy for Anti-Cytokine-Autoantibodies Associated Immunodeficiency in Taiwan Dr. Aristine Cheng 鄭琬豔 副教授 / National Taiwan University Hospital, Taiwan		
12:05-12:45	Managing Autoimmunity: The Adult Rheumatologist's Perspective Dr. Hung-Cheng Tsai 蔡弘正 醫師/ Taipei Veterans General Hospital, Taiwan		
12:45-13:00	Q&A Session: Panel Discussion on Treatment		
13:00-14:00	Lunch Symposium		
Room 1 第一會議室		Room 2 第二會議室	
Reclassifying Granulomas: Clinical Impact of Targeted NGS in FFPE Tissue Dr. Chang-Tsu Yuan 袁章祖 助理教授 / National Taiwan University Hospital, Taiwan		The Role of Next-Generation Sequencing for Fastidious Pathogen Diagnosis Dr. Pao-Yu Chen 陳抱宇 助理教授 / National Taiwan University Hospital, Taiwan	
Session 3: Lecture 10 ~ Lecture 13			
14:00-14:30	When Lymphoma Is Not Lymphoma: Lessons from Anti-Interferon-γ Autoantibody-Associated Lymphadenopathy Dr. Chang-Tsu Yuan 袁章祖 助理教授 / National Taiwan University Hospital, Taiwan	Prof. Wang-Huei Sheng 盛望徽 副院長 National Taiwan University Hospital Hsin-Chu Branch, Taiwan	
14:30-15:00	Clinical Management of AOID-Japanese Experience Dr. Isano Hase / Southern TOHOKU General Hospital, Japan		
15:00-15:30	Bridging the Gap: Unmet Needs in Current Protocols Dr. Ho Namkoong / Keio University School of Medicine, Japan		

Time	Topic / Speaker	Moderator
15:30-16:00	Cytokine-based CAAR T Cells as a precision therapy for anti-cytokine autoantibody-driven immunodeficiency Dr. Jhan-Jie Peng 彭湛傑 助理研究員 / CMCI, Chang Gung University, Taiwan	
16:00-16:15	Coffee Break	
Special Session (Case Sharing): Featuring Complex Real-world Cases by Multidisciplinary Experts		
16:15-16:35	Pulmonary Manifestations: Identifying Rare Cases Dr. Meng-Rui Lee 李孟叡 副教授 / National Taiwan University Hospital, Taiwan	Prof. Jann-Tay Wang 王振泰 教授 National Taiwan University Hospital, Taiwan
16:35-16:55	Cutaneous Manifestations and Management of Reactive Neutrophilic Dermatoses in AIGA Dr. Tsen-Fang Tsai 蔡呈芳 教授/ National Taiwan University Hospital, Taiwan	
16:55-17:15	AIGA with Concomitant Hematological Malignancy - Is Chemotherapy the Curative Answer? Dr. Tai-Chung Huang 黃泰中 助理教授/ National Taiwan University Hospital, Taiwan	
17:15-17:25	Discussion	
17:25-17:35	Closing Remarks Prof. Yen-Hsuan Ni 倪衍玄 院長 / National Taiwan University, Taiwan
